### Citizens Police Academy Alumni Association Convention of Texas Galveston, Texas

Another convention has come and gone. Euless was well represented. Gary Landers represented our officers. Leah Benoit was our appointed representative. In attendance also were Don and Linda Martin, Tim and Faye Stinneford, Rosemarie Stevens, Sharon Finnegan, Lou Baum, Al Simmenroth, Chris Shanahan, Ann Zimmerman and Cindy Carter.

It was interesting to meet people from so many different areas of Texas that just like us, want to make a difference in their communities through the Citizens Police Academy Association.

The incredible face reader was in high demand at the convention—we had him speak at our alumni association a year ago! There were classes covering how to set up a citizens on patrol program, how to get a police dog program in your precinct, handwriting analysis, and many, many others.

Of course, we enjoyed some of Galveston's food and sights. If you did not make it this year, start thinking about next year, it will be in Waco. Waco is hosting a bowling competition along with the conference, so start warming up your bowling arm for the big trophy!

ECPAAA Mission Statement

"To provide the citizens of Euless a better understanding of the dedication and integrity of the police department"

Recently, several members and I attended the Citizens Police Academy Conference in Galveston. We had a strong showing of support at the conference and you represented Euless well. Everyone enjoyed themselves and each others company.

There were no problems going or coming from the conference. Those of you who were not there missed a great time. Next year the conference is in Waco, so start making your plans to attend now and let's double our attendance. I would like to say Thank You to those who went and made my family feel welcome and

loved on this trip. You are very special people to me and my family.

Please remember to keep Israel Perez and his family in your thoughts and prayers. His wife Silvia passed away Wednesday evening. If you never met them, they were a neat couple. Both of them cared deeply about this organization and the City of Euless. The family needs your prayers during this difficult time.

A great big THANKS goes out to all the members that have been helping tirelessly on the ever increasing vehicle maintenance issues of the Police De-

partment. These people never bat an eye when asked to transport vehicles across the Metroplex on a daily basis. Without volunteers like you we would never get everything done to ensure that our equipment is working properly for the officers on the street.

If any of you need anything at all, please call or come by and I will try to help you. Thanks again for everything you do for the Police Department and the Citizens of Euless.

Sincerely,

Gary

Silvia's Rejoicing With the Lord  
My Brothers and Sisters in Christ:

I send you this email rejoicing that Silvia was recouped by the Lord last night at 10:22 p.m.

She is no longer in pain and she loved us to the very end.

My friends, she was a present from God that he gave me and I shared with others. God found

that Silvia reflected his love for others and her love will never be forgotten.

I ask you to pray for me and my son Jeremiah, to continue life without her, but knowing the Lord has shown his loving comfort on us. The Lord will never give us more that we can bear.

I share with you Silvia's favorite verse II Timothy 4: 7 & 8: "I have fought a good fight, I have finished my course. I have kept the faith. Hence-

forth there is 'laid up for me a crown of righteousness, which the Lord, the righteous judge, shall give me all that day, and not to me only, but unto all them also that love his appearing."

Thank You for your friendship and love that you have shown both of us in the past.

Love  
Israel

### Meet our Members

#### COPS on Patrol

The Alumni Association has two gentlemen who love to patrol and are usually out just about every day patrolling the streets. To those handicap violators, watch out, you may just receive a citation from either Warren Hinkley or Charley LaFontaine. Both of these guys have been honored as our volunteer of the quarter this year.

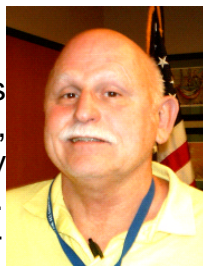

When Warren is not out patrolling, he may be assisting in transporting vehicles for maintenance. Warren is retired, so that's the reason he can patrol every day. He is married to a lovely lady named Beverly and they have lived in Euless for 28 years.

They have a daughter, Pamela and a grandson, Adyson. Warren also enjoys range shooting where he can use guns from his handgun collection.

Charley has lived in Euless 11 years and is married to a lovely lady, Blanche, who is also an Alumni member and they have two sons and three daughters. When he's not patrolling or assisting others, Charley said his hobbies include gardening, reading, and cooking Cajun foods. I guess you qualify to cook Cajun since you were born in Bay Saint Louis, Mississippi, which isn't too far from the state of Cajuns. Charley was a Medic with the U.S. Army during the Vietnam War and yes one of his favorite movies is Platoon.

Thanks to both of you for the good work you have done in keeping the COP car on the street and visible to the citizens of Euless.

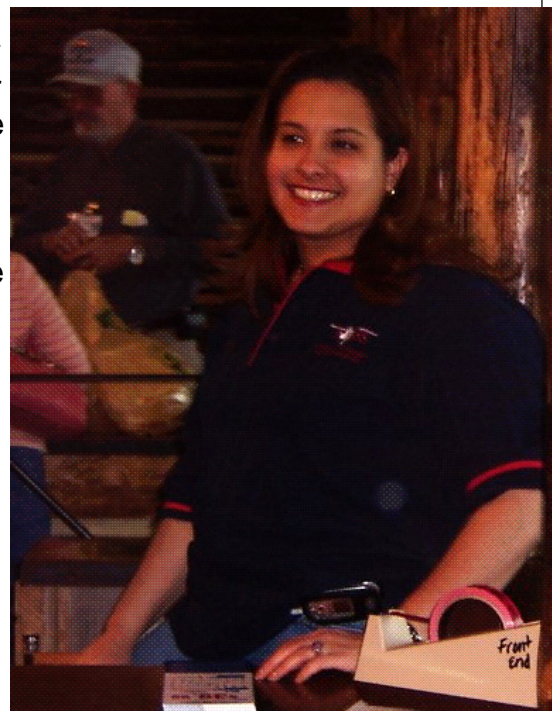

#### Meet the Second Vice-President

Adis Umpierre is the Second Vice-President of the Alumni and does an outstanding job in getting speakers. Due the resignation of the First Vice-President, Adis has assumed some of those duties. The past few months we have learned about elderly care, drug use, and a very informative presentation titled "Less Lethal" by Sgt. Ron Williamson. When not locating speakers for the Alumni meetings, Adis is ready at a moment's notice to go patrolling and is very agreeable to assist the new COPS in completing their two ride outs.

Adis is a native of San Juan, Puerto Rico, and she and her son Jonathan have lived in Euless for five years. Adis is employed at the University of Texas Southwestern Medical Center of Dallas as an Environmental Safety Specialist and she is very passionate about her job and has been known to put in extra hours to complete an assignment.

Adis has been busy this summer doing volunteer work at the Euless Animal Shelter by walking the dogs and feeding the other animals. She is also an active member of the Euless Citizens Fire Alumni. In addition, she has worked the Bass Pro events, the CRUD weekend and yes, even the rain soaked Arbor Daze. Thanks for being a part of the Alumni and making the meetings a learning experience for everyone with the informative speakers.

### Louise's Views

Our CPA State Convention in Galveston is now history and we have arrived back safe and sound. Weather was great for the three days and Moody Gardens lived up to its advertising. The laughs started as we arrived and were checking in. They had yours truly registered as "Louise Baum", as well as you can imagine the gang jumped on that one real quick. I was known as "Louise" during the convention and you can just imagine the looks I got when some of the gang referred to me as Louise prior to any conversation. They had some interesting sessions for us, for example, Internet Safety, Identify Theft, Environmental Crimes, Counter Terrorism by FBI Special Agent Jim Walsh, and Drug Recognition Education, just to name a few. Next year's convention will be in Waco, and the 2006 convention will be held jointly by Richardson and Garland CPAs.

Had a sinking feeling as I approached my house on our return Wednesday evening, an ambulance was parked in front with lights flashing, pulled into the driveway with my heart in my shoes, as one of the paramedic's yelled at me to turn my car around and let's go toward Dallas Children's as Catherine was real sick. He told me we must hurry; the Doctors are waiting at Children's emergency room for us. With IV's running and our best paramedics, we got things rolling, and yes, 5:00 PM traffic no less. Shortly after arrival, Catherine went into a deep comma for several hours, but with the finest Doctors at Children's and 3 bags of IV's rolling, and lots of prayers from Mom and Dad brought her out of her sleep around Midnight. No brain damage thank goodness and "Louise" and Vicki stayed up the next 4 days and nights to insure our little angel was ok and getting better. While Catherine was in the ER, 3-4 Doctors around her bed, I slipped out to get Vicki a coke and found myself outside leaning against a light pole, and feeling so upset, the security guard came out and put his arm around me and said Catherine just woke up and

is asking for Dad. Old tough Dad broke down for a minute or two. The guard said everything is going to be ok now, as embarrassed as I was for someone to see me with a tear. Today she is home and started back to school. Thanks to you all for all of your prayers and calls we made it through one more time.

Thanks to the members who worked the Bicycle Safety Event at Bob Eden Park. A nice turnout and fun was had by all attending.

Results are in from our Bass Pro Event - banked \$633.00. Thanks to those who worked that event. The hard efforts from Al and Chris at the State Convention banked \$432.00, which almost covered the expenses.

The budget committee met and is hard at work putting together a workable 2005 budget. The nominating committee is also hard at work putting together a slate of potential officers for 2005. Any member in good standing who has the time and desire to serve on the executive committee, please come forward.

September is always a busy time, not withstanding the two aforementioned committees, we have 9-1-1 week recognizing our dispatchers for all of their hard work and dedication, the Annual Michael Williamson Memorial Golf Tournament slated for September 22, 8:00 AM start for those playing.

Understand Class #20 is on hold for a lack of signups. Looks like we need a different advertising package to promote the Academy. Sgt. Landers will announce a new date in the near future.

Please keep your thoughts and prayers going for Tim and Faye Stinneford and Nadine Barnes. As if the loss of their Mother was bad enough, Faye and Nadine's brother had emergency triple bypass surgery this week. We understand that Charisse Gagne is home and resting. Our heart felt thoughts and prayers go out to Israel Perez's Family since our dear friend Silvia has passed on. Mary Alice Selcer lost her youngest son a few

weeks ago. Continue praying for one another.

Please put on your calendars that we are going to have a "hot dog" party on the 21st, meeting night, prior to our meeting. Bring a side dish of your choosing and we will begin eating around 6:30 PM. "Louise" will be doing the cooking of the dogs, so come and enjoy. For those that have the time, bring some HOME MADE ICE CREAM for desert.

For all you COPs, we had a great July, but have let down a bit this month. Check your free time and get a partner, call Cindy and go out and have some fun patrolling our streets. Our new car is ready and waiting for drivers.

Al has just installed our new computer so those who have not been getting your newsletter by e-mail, this month should be ok. Thanks to the successful Bass Pro Event we were able to buy the new computer a few months early.

Thanks so much to all of the members who work so hard, and very quietly each and every day, with little recognition, to make this organization a shining star in this community. It has been my pleasure, as your leader, these past two years to serve alongside with you. You all have really taken to heart our three (3) C's, Commitment, Caring and Communication.

Take care of each other and I hope to see you on Tuesday evening, September 21st at 6:30 PM.

Regards,  
Lou

Adis suggested we set a goal for a certain number of volunteer hours in the areas where help is needed. Barney advised that when patrolling in the COPs car to drive by the library especially during the period right after school is out. The library is working on correcting the problems they are having but the presence of the car does help especially since we have a shortage of officers. It is our chance to fill the gap.

God was sitting in heaven one day when a scientist said to him "God, we don't need you anymore. Science had finally figured out a way to create life out of nothing - in other words, we can now do what you did in the beginning."

Oh, is that so? Tell me" - replies God.

Well", said the scientist, "we can take dirt and form it into the likeness of you and breathe life into it, thus creating man."

Well, that's very interesting - show Me." So the scientist bends down to the earth and starts to mold the soil into the shape of a man.

No, No, No,--"interrupts God, "Get your own dirt."
