### ECPAAA Mission Statement

"To provide the citizens of Euless a better understanding of the dedication and integrity of the police department"

Hi ECPAA members,

I wanted to introduce myself for those that are not familiar with me. I was assigned to the patrol division on nights B, when the first CPA class started. We had several members including Lou Baum, Geri Sorg and Kathy Haecker, that consistently rode with officers. Along with other Alumni, these three are still devoting their time and resources to the Euless Police department.

A little bit about myself...I proudly served

in the U.S. Navy for six years as an aviation structural mechanic and was stationed at the Naval Air Base in Alameda, California. Alameda is an island just south of San Francisco and if you know anything about that area, there is a lot to see and do. I saw duty on three different Aircraft carriers including the U.S.S. Forrestal, America and Kennedy. If you've never been on a carrier flight deck, it's quite an experience. In my free time I obtained a B.S. Degree in Aeronautics from the Embry-Riddle Aeronautical University and FAA Airframe & Power Plant licenses. I would not trade my military experience for anything.

I have served the city of Euless for thirteen years as a Patrol Officer (bike officer, field training officer, traffic/motorcycle officer) Criminal Investigations (Gang Unit & Criminal Investigator) and the Tactical team (Entry, Counter Sniper and Team Leader). I was promoted to the rank of Sergeant in 2004. I am a Defensive Tactics and Taser Instructor. I live in Arlington and enjoy traveling, working out, golfing, fly-fishing

and hunting.

I have always had a lot of respect for Police Officers because of the situations they face and job in general. Law enforcement is unlike any other carrier field. It takes a special breed of person to do this type of work. It is a constant adjustment to people and the environment. What is unique about law enforcement are the different calls and situations you deal with. As CPA alumni, most of you have ridden out with our officers and hear the feedback after a call or traffic stop. What makes each interesting and different is the actors and circumstances involved.

I am looking forward to getting to know each of you, as well as serving the department in my new capacity. My office is always open to you.

Sergeant David

## COP News

I wanted to share with you the events that will be a memorable first ride out for Ken Denne. One early afternoon on a hot Texas day newly trained COP Ken Denne and Warren Hinkley took to the streets. Cruising down Harwood, they noticed a car in the left turn lane with emergency lights flashing. They approached with caution and came to a stop behind the car. As Ken approached, he realized the car engine was running, and as he reached the front door, he saw a young woman slumped over the steering wheel. When he asked if she needed help, he could see she was crying. She explained that she was in labor. Many things went through Ken's mind as he raced back to advise Warren. Warren's not sure what code he gave to dispatch, but he knew the location and within minutes the paramedics and police arrived. Their adrenaline racing and their job finished, off went Warren and Ken to continue their patrol. Ken did say thoughts had raced through his mind like, "what if she had started to deliver before the Paramedics arrived???" He had glanced in her back seat and it was clear. As he left on his next patrol, his wife asked if he needed to take water and hot towels. (Ha Ha!)

On a more serious note, Warren did want everyone to know what a difference it makes to just park near a crossing guard when school lets out. Traffic slows considerably.
